

# Africa ↔ Asia: Futures Thinking Beyond the Western Frame by Charlotte Kemp

## AN AFRICAN FUTURIST IN ASIA

African Futurist • Global Speaker •  
Strategic Foresight Educator

### Credentials & Experience:

- Past President, Global Speakers Federation (GSF)
- Founder, Pan African Speaker Summit
- Editor, Futures for Africa Journal
- Professional member, Association of
- Professional Futurists (APF)
- Developer of the Futures Compass, and 7 Futures Skills
- Author, Speaker, Executive Coach

## WHY?

Asia and Africa together hold the future. Both regions are navigating rapid change, demographic shifts, technological acceleration, and global repositioning. But they experience these pressures differently, and that contrast is where the strategic insight lies.

As an African futurist, speaker, and global leadership voice, I help organisations in Asia explore where our demographics, cultures, innovation challenges and future of work issues align, diverge or introduce opportunities.

## WHAT IS ON OFFER?

During the early part of 2026, Charlotte Kemp will be available for talks, keynotes, workshops and boardroom or leadership sessions.

Beyond these particular topics relevant to a comparison between Africa and Asia, Charlotte also has topics relevant to organisations in terms of 7 Futures Skills, Two Trends that Explain the World Today, and other topics relevant to future focussed leaders..
